MANOJ K V

Manojkv126@gmail.com — +91 9353001089 — Bengaluru

Objective

Motivated MCA student with strong foundations in Python, SQL, and software development, seeking an opportunity to contribute to technology-driven business solutions. Passionate about problem-solving, and AI-based applications, with hands-on experience in machine learning and web development projects. Eager to learn, collaborate, and grow in a dynamic professional environment.

Education

Presidency College, Bengaluru *2024 – 2026*
Master of Computer Applications (MCA) **89.00%**

Sahyadri Science College, Shivamogga *2021 – 2024*
Bachelor of Computer Applications (BCA) **86.00%**

Alva's Pre University College, Mudbidri *2019 – 2021*
CEBA **91.66%**

Technical Skills

Programming: Python, SQL
AI / ML: Machine Learning Concepts
Web Technologies: HTML, CSS
Concepts: SDLC basics, OOP
Tools: VS code, bootstrap

Projects

Vehicle Detection and Traffic Analysis system using YOLO V8

Technologies: Python, Deep Learning, Yolo v8, OpenCV, Flask

- Developed an AI-powered traffic monitoring system using Python, YOLOv8, OpenCV, and Flask to detect, classify, and track vehicles from traffic videos.
- Implemented vehicle counting, speed estimation, traffic congestion analysis, heatmap generation, and Automatic Number Plate Recognition (ANPR) using EasyOCR.
- Designed a Flask-based dashboard to display real-time traffic analytics and generate reports in CSV and JSON formats.
- Integrated Vehicle Actuated Control (VAC) and Multinomial Logit (MNL) algorithms for intelligent traffic signal management based on traffic density.

Strengths

- Strong problem-solving mindset
- Quick learner with solid technical fundamentals
- Ability to work effectively in a team environment

Certifications

- Introduction to Data Analytics
- Full Stack Development using Python

Languages

English, Kannada, Hindi
